29 years Providing Working Solutions for Manufacturing!

**SuiteFactory™**  
**An Enterprise Management System built on a Suite of Manufacturing Applications**  
**Which Manage, Capture, Analyze and Present Data in Real-Time allowing Companies**  
**To Make Informed Decisions that effect their Operation's Profitability**  
**Supports Windows 7™/Windows XP™, Citrix™ including Terminal Server Support**

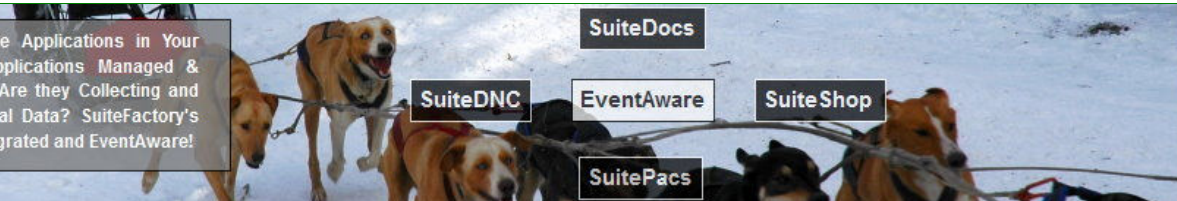

SuiteFactory™ is an Enterprise Management System comprised of a Suite of Secure Integrated Manufacturing Applications built upon CAD/CAM Integration's Standard and Optional Modules. These Modules' are founded upon EventAware™ Technologies keeping Manufacturing Users and Applications in Sync.

The Suite of Management Based Applications keeps Users and Applications in Sync by continuously "Listening" & "Responding" to Customer Settable Events. These Customer Based Critical Events trigger the Capturing, Recording and Analyzing of Manufacturing Data in Real-Time so Users can make informed decisions using Real-Time & Accurate Data.

This Captured Manufacturing Data can then be Managed and Analyzed using a Host of SuiteFactory Tools or using SuiteFactory's™ SuiteThirdPartyTools™ connecting to a Customer's Third-Party Applications. You can be anywhere in the World and access SuiteFactory™ using your Smart Phone, Tablet or Laptop since SuiteFactory supports Citrix!

**SuiteFactory™ A Suite of Fully Managed Integrated Applications with International Language Support**

Do you Use Multiple Applications in Your Operations? Are Applications Managed & Pulling as a Team? Are they Collecting and Collating Your Critical Data? SuiteFactory's Applications are Integrated and EventAware!
