SuiteFileArchive™
Provides separate databases for all Deleted Files & Documents
View, Recover or Permanently Purge Selected Files & Documents from the Archive
Part of an Integrated Family of SuiteFactory™ EventAware™ Modules
For Windows 7™/Windows XP™ including Terminal Server Support

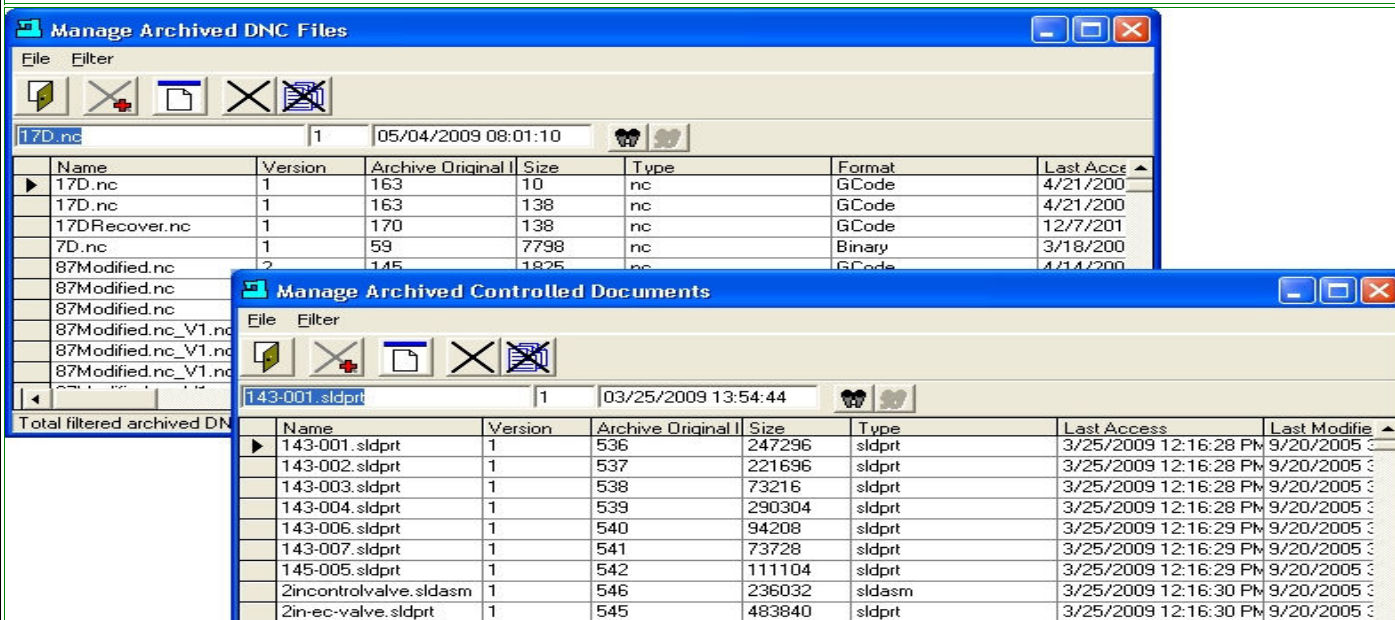

SuiteFileArchive™ provides a secondary Database and the needed Tools for Managing Files & Document that have been deleted from SuiteFactory's main database.

When the life cycle of your Files and Documents is at an end you can delete them from SuiteFactory's main database without concern as the are automatically Archived in the Archived secondary Database.

Using SuiteFileArchive you can recover a File or Document if it has been delete by mistake or you just need to recover it for whatever reason.

SuiteFileArchive also provides the Tools to Permanently Purge selected Files & Documents.
