29 years Providing Working Solutions for Manufacturing!

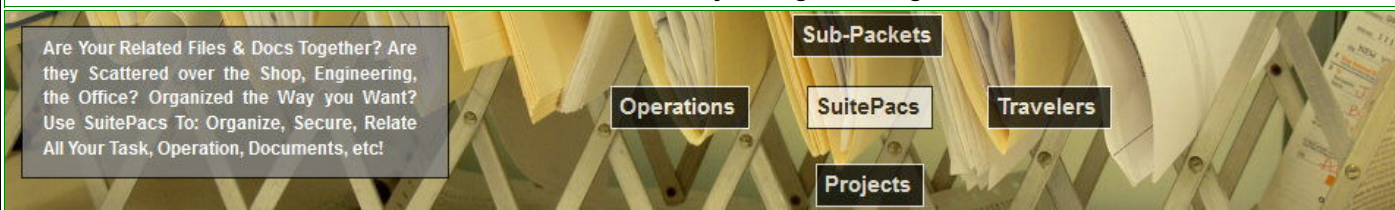

**SuitePacs™**  
**A Special Type of Secure Flexible Container**  
**Packets can be Travelers, Operations, Engineering Projects, etc.**  
**Part of an Integrated Family of SuiteFactory™ EventAware™ Modules**  
**For Windows 7™/Windows XP™ including Terminal Server Support**

SuitePacs™ is special type of Secure Container whose Paradigm can mimic: A Shop Floor Traveler; an Operation in a Traveler; an Engineering Project; A Group of Projects; A complete Project comprised of multiple Projects; When you need to keep related Documents & Files in one place a Packet can be Used.

A Packet can contain any number Sub-Packets, Documents, Files so no matter how complex of a Traveler, Project, Operation or Task is needed, SuitePacs™ provides the Security, Tools & Management you will need!

From within a Packet you can download N/C Files, View Documents & N/C Files, Approve N/C Files & Documents in the Packet, Connect to External Applications passing any of its Documents to this Application. A Packet can also go through Approval & Sign-Off, etc.

**SuitePacs™ Part of a Suite of Fully Managed & Integrated Modules**

**Standard:**
